

Arizona Counseling Collective

Residency Program

Join AZCC's one of a kind cutting edge, post-graduate resident training program

- 12hrs of clinical supervision monthly (group and individual)= over \$16,000 throughout the program.
- Observe exceptional seasoned clinicians during their sessions and watch their craft
- Learn from peers and receive mentorship
- Weekly case presentations with actual therapy videoed sessions for peer and supervisor feedback and growth
- Receive training in evidenced based treatments and clinical content including: treatment planning, working with personality disorders, CBT, DBT, ACT, trauma approaches including overview of Prolonged Exposure and EMDR, couples approaches including overview of Gottman Therapy and EFT, children's therapies including play therapy and sand tray therapy.
- Approximately 25-30 hours a week
- Receive a monthly stipend with the opportunity to earn extra income if desired by seeing more than the minimum clients per week.
- Fast track your career goals to complete AZBBHE clinical licensure requirements
- Inquire about becoming a pre-resident (space is not guaranteed and is extremely limited). The official residency starts August 2021.
- Have the team and support needed as a new clinician to ensure success!
